lancercatering.com

Lancer Catering is committed to socially responsible practices including sustainability, recycling, natural, healthy food choices and responsible sourcing. At the Education Event Center, we use bulk servings of milk, cream, sugar and butter rather than individual servings, and earth-friendly single-service paper plates, napkins, cutlery and beverage cups that are made from post-consumer recycled materials or renewable resources such as corn, sugarcane and bamboo. These products are biodegradable or fully compostable.

Thank you for helping Lancer Catering and Minnesota Zoo lessen our impact on the environment.
